

WORSHIP ARTS PRODUCER JOB POSTING

The Community Church, located in Somewhere, Colorado with a congregation membership of over 2500 has an opening for a The Worship Arts Producer. The Producer creates innovative, compelling, original media content (video, motion graphics and other tools) to support worship services, special projects, ongoing ministries of the church and community events. In addition, this position recruits and partners with volunteers, contract personnel, and interns to support this ministry.

Responsibilities

Create Media Content for Various Ministries

- Produce video, motion graphics, including 3D and 4D animated content for Sunday services and other events
- Responsible for the timely editing, encoding and delivery of video footage from a wide variety of sources to a wide variety of formats
- Collaborate and work closely with the Graphics Team to generate unique, creative videos, researching ideas and concepts
- Initiate video projects from development to finished product including pre-production, scripting, budgeting, casting, hiring, locations, logistics, schedules, permissions, production, post-production and editing
- Ensure quality control for all video projects

Recruit and Lead a Highly Effective Volunteer Media Team

- Lead, direct and develop volunteers to initiate and execute needed media projects
- Consistently increase the quality, effectiveness, and creativity of the team; providing feedback as needed

Manage and Maintain all Video Equipment

- Perform regular equipment maintenance
- Train volunteers on the proper use, maintenance and care of the equipment
- Manage and control expenses in the Worship Arts budget
- Identify and recommend new equipment as needed

Demonstrate Commitment to The Community Church

- Pursue church membership
- Accept and uphold The Community Church Essentials of Our Faith

Model a Growing and Vibrant Relationship with Christ

- Pursue full devotion to Christ and live the life we are inviting others to live
- Participate in at least one volunteer activity as a member of The Community Church

Requirements

- Bachelor's Degree or equivalent industry experience
- Demonstrated proficiency in media hardware and software including Adobe Creative Suite, Cinema 4D and 3D programs
- Proficient with field audio, lighting equipment and concepts
- Experienced in taking an assigned concept through the process of storyboarding, casting and final production
