

# Discounted Counseling for Denver Seminary Students

Please note the following items:

- (1) Students on Medicaid are required to see only Medicaid providers. It is against federal law for counselors who do not accept Medicaid to see a client on Medicaid. If you are on Medicaid, please find a provider here: [healthfirstcolorado.com/find-doctors/](http://healthfirstcolorado.com/find-doctors/)
- (2) This list is not for the use of Clinical Mental Health Counseling students looking to fulfill their 10-session requirement for their degree program. The counseling division has separate requirements for their students and we kindly ask that you do not use this list.
- (3) For the convenience of Denver Seminary students, the Student Life Department provides this list of area counselors/therapists who have indicated to the Seminary that they are willing to offer their services to Seminary students at a reduced cost. In providing this list, Denver Seminary is not giving medical advice, making referrals, or making recommendations about individual area providers included on the list. The Seminary encourages students to make their own decisions about whether a provider is a good option for them and can provide the particular services that a student may seek.

## **Licensed Professionals**

A Licensed Clinical Social Worker (LCSW), a Licensed Marriage and Family Therapist (LMFT), and a Licensed Professional Counselor (LPC) must hold a master's degree in their profession and have at least two years of post-masters supervision. A Licensed Psychologist must hold a doctorate degree in psychology and have at least one year of post- doctoral supervision.

# Discounted Counseling for Denver Seminary Students

## Unlicensed Professionals

A registered psychotherapist is a therapist listed in the State's database and is authorized by law to practice therapy in Colorado but is not licensed by the state and is not required to satisfy any standardized educational or testing requirements to obtain a registration from the state. A Licensed Professional Counselor Candidate (LPCC) must hold a master's degree in their profession and be in the process of completing post-degree supervision.
