Re: Worship Arts Producer Position

Hello Pastor Al:

It was a pleasure talking with you yesterday, getting caught up and learning more about the open Worship Arts Producer position. As we discussed, I enjoyed my internship and working directly with you on two media projects for The Community Church last year. It was encouraging to hear that the church has continued to use these advertising videos promoting the young adult and music ministries. My passion for ministry and my Christian walk was enhanced through the teaching, fellowship and discipleship training I received during my internship at The Community Church. It was exciting to be part of such a dynamic, Christ-focused congregation and leadership team.

In order to see some of my recent media work, please view my website located at [Mediaarts.org](http://Mediaarts.org) where you can see first-hand the various types of videos I have created from concept to final production. As a result of having my own media business, I have had extensive experience in working many varied projects from concept to final production including cast selection, determining the location, post-production and editing into a turn-key format. I'm also very familiar with multiple playback systems and equipment maintenance.

It was very energizing to be a member of the media volunteer team during my internship. You mentioned in our discussion that several of the volunteers remain committed to the team. I would look forward to working with them again and having the opportunity to recruit more team members. In my own media business I often work with non-professionals in many aspects of media productions. At the present time I am working with a young man that recently committed his life to the Lord and is passionate to learn more about media production. It has been a joy to mentor and watch him grow both spiritually and technically in learning all aspects of media production at our church.

Looking at the requirements for this position, you'll note that I have completed an M.A. degree in Apologetics and Ethics from Denver Seminary. If chosen to fill this opening, it would be a privilege to serve in a volunteer teaching capacity, perhaps as a Sunday School teacher, Small Group or Men's Bible Study leader.

It would be an honor to serve the Lord alongside you and others at The Community Church. I've attached my resume for your review. Thank you for your time and consideration.

In Him,

Bill
